Class _____

pg 1/1

* = supplied from school ** = possibly supplied from school *** = must get on your own

Animal or Plant	RAT *	CHICKEN *	RABBIT ***	PLANT **
Background Section of Final Report	Species Classification & Characteristics Breed(s) life cycle & breeding feed & nutrition care & housing maintenance 	Species Classification & Characteristics Breed(s) life cycle & breeding feed & nutrition care & housing maintenance 	Species Classification & Characteristics Breed(s) life cycle & breeding feed & nutrition care & housing maintenance 	Species Classification & Characteristics Breed(s) life cycle & breeding feed & nutrition care & housing maintenance 
Responsibility Daily Care <u>All animals will become your</u> <u>Pet to keep</u>	MUST TAKE HOME NIGHTLY. to bond	MUST TAKE HOME NIGHTLY. First week spent at school then need to have brooding lamp when small chicks at home.	MUST TAKE HOME NIGHTLY	May leave in Lab (but must be in class for daily measurements & observations)
Behavior to Study (Possibilities) <u>*Daily Journal will count highest in report</u>	Problem Solving, maze, object/shape recognition, jumping, bonding <u>Daily Measurements & Graphing will count higher in report grade than *Daily Journal</u>	Problem Solving, object/shape recognition, jumping/flying imprinting/bonding <u>Daily Journal will count higher in report grade than *Daily Measurements & Graphing</u>	Observing Natural Behaviors Problem Solving, (litter box) imprinting/bonding <u>Daily Journal will count higher in report grade than *Daily Measurements & Graphing</u>	Growth Reaction to conditions Genetic Study- Flowering <u>Daily Measurements & Graphing will count higher in report grade than *Daily Journal</u>
Daily Journal & Data Measurement (weight/growth)	Must be kept <u>DAILY</u> & Included in appendix at the end of your final report. Include photos & video for highest score	Must be kept <u>DAILY</u> & Included in appendix at the end of your final report. Include photos & video for highest score	Must be kept <u>DAILY</u> & Included in appendix at the end of your final report. Include photos & video for highest score	Must be kept <u>DAILY</u> & Included in appendix at the end of your final report. Include photos & video for highest score
Daily Goals Log	Must be kept <u>DAILY</u> in folder at front of class	Must be kept <u>DAILY</u> in folder at front of class	Must be kept <u>DAILY</u> in folder at front of class	Must be kept <u>DAILY</u> in folder at front of class
Written Research Report	Must be written in 3rd person Details TBA	Must be written in 3rd person Details TBA	Must be written in 3rd person Details TBA	Must be written in 3rd person Details TBA
Oral Presentation of Final Research Project	This will count as Final Exam for Course	This will count as Final Exam for Course	This will count as Final Exam for Course	This will count as Final Exam for Course

The organism that I select for my Q4 Research Biology Project is a _____ I understand that the animal/plant that I select will become my "pet" to keep & care for during and after this project ends. If I do not choose to keep my animal after the end of the project I must make arrangements with Mr. Cassis.
